[HACK Zend Studio 5.5.1 Keygen](#)

The screenshot shows a WhatsApp chat interface with the following messages:

- Waqas Ahmed** (23:20): how?
- Rumessa Bfd** (23:20):  
Wanna meet in Leeds?  
Il give you a great blow job?  
I'm getting wet, thinking about it 😊
- Waqas Ahmed** (23:21):  
Just looked at your profile, and a) I don't think you're real and b)  
If you were real, I prefer someone a bit.... classier
- Rumessa Bfd** (23:22):  
That's mean 😊 I really wanted you
- Waqas Ahmed** (23:24):  
Sorry if I sounded harsh, but I'd really rather not go out with a  
girl, who would offer sex to randoms  
  
Looked at your profile, and you've either been hacked OR you're  
a troll
